2nd October 2020

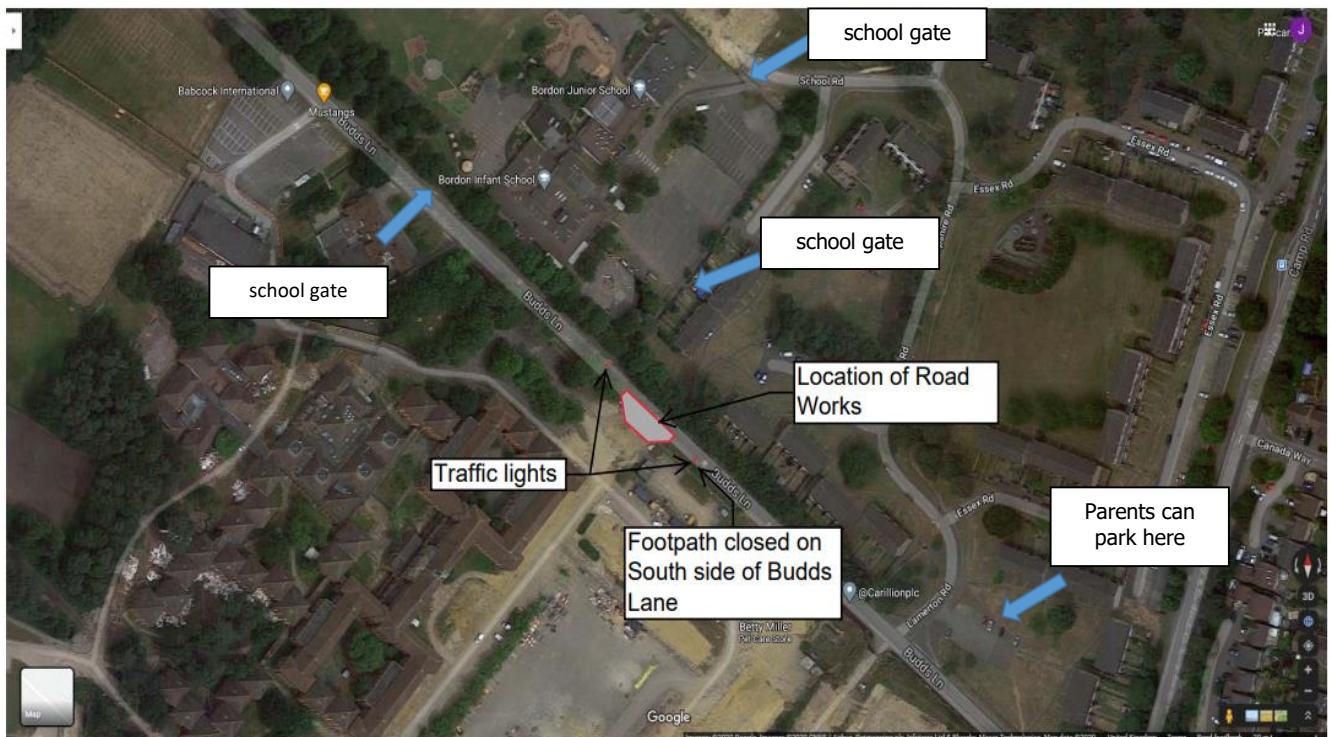

Roadworks On Budds Lane

We have been told that there will be roadworks on Budds Lane starting on Friday 9th October with traffic lights in place from the 12th October continuing to the 30th October. On Friday 9th there will be no parking on Budds Lane as they will be setting up the area for the road works to start. Like any work though these dates potentially may change. The work will involve the use of temporary traffic lights and will likely cause some disruption, possibly significant disruption at peak times. Please see the map below for exactly where the works will be taking place.

We are recommending that parents use the car park opposite the skate park and then walk up to the school from there. Throughout October we are encouraging children to walk to school and this would count towards that.

Please allow extra time the week of the 12th October to get to school and park and please ensure you are parking responsibly and safely. Thank you.

Budds Lane Road Works – Monday 12/10/2020 to Friday 30/10/2020

Walktober

This month we are encouraging children to get outside as much as possible. We will be sending out an email next week with lots of information about activities and competitions you can do as a family to get out and get active this month. The aim of Walktober is to try and get as many people walking to school as possible.

Next week we will be specifically encouraging the children and parents to walk, scoot or cycle to school. Parking a little further away from the school or using the designated car park opposite the skate park is called park and stride. This will count towards walking to school. Any child that walks to school every day that week will get a certificate. A letter explaining a bit more about it has come home with your child tonight.

The aim of the week is to develop a healthier lifestyle and reduce traffic around school. This will in turn improve air quality and safety for the children at the start and the end of the school day.

Stars of the Week

25th September

Lexi Roberts
Josh Ayres
Frankie Lenton
Elsa-Jane Pavey

2nd October

Marcel
Balcerowski
Viktoria Kilin
Callum Houghton
Eleanor Mudkins

New LSA

We are currently looking to appoint a new full time LSA to support us in school. Ideally the candidate will have NVQ level 2 or higher. We are also looking for a candidate that is keen to develop their teaching and who the school can support to become a teacher after a few years in post.

If you are interested in the role or know someone who is, application packs will be available from the school office next week.

If you would like to know more about the role, please come and speak to us.

Class Dojos

Many parents already know all about the Class Dojo system but for those that don't you may be a bit confused to what all of this 'Green Dojo' stuff is all about.

Class Dojo is our school reward system. We have set it up to praise children for showing one of the good learning values we teach in school. These are **persevering, evaluating, collaborating, independence, using your imagination, being a good communicator, staying focused** and **questioning**. As well as these we also give Dojos for **good manners** and now also **good hygiene**.

If a child shows one of these behaviours during the week any member of staff can award them with a green dojo. Sadly, sometimes Red Dojos are handed out for not following the school rules and expectations. All children have a little monster icon that represents them on the class Dojo system. At the end of the week the child with the most Green Dojos is the Class Dojo Champion. The class that has got the most Dojos overall is given a special trophy for the week.

This year we are counting the amount of Dojos that children get. When they reach 100 Dojos across a number of weeks they will get a special bronze badge, 200 for a silver and 300 for a gold.
