Building Work

I know many of you are as impressed as I am with the new seating area that has been built outside the front of the school. The workers from Garden Karma have also worked wonders on the Year R playground replacing the old wooden structures on the playground. In the summer they will be in again working on the school garden, to create a wonderful new sensory garden.

Mrs Koro Leaving

It is with sadness that I have to say that Mrs Koro will be leaving our school at the end of this academic year. She is moving back to her home country of New Zealand with her husband and young son. Mrs Koro has been an important part of our school for the last five years. In her time with us she has done an amazing job for the children in her care and she will be very much missed by all of us. We wish Mrs Koro and her family all the very best for the future. I know while staff are very sad she is leaving some are already looking at the fantastic opportunity for a cheaper holiday to New Zealand that now presents itself!

Joining our school as a paid member of staff, rather than her current position as an unpaid student, will be Mrs Trevaskis. Mrs Trevaskis has been working with us since Christmas as a student teacher. During this time we have seen what a strong teacher she is and how well she has fitted into our staff team. I do have to remind myself at times that she is a student and not a fully-fledged teacher, so I can't ask her to do too much, yet!
