Fit and fun on the school run

If you live within the green and orange 10 to 15 minute walking zones, you may find it quicker to walk to school than to drive and have to find a parking space.

If you live beyond walking distance and have to drive, **please Park and Stride** to help **make it safer around the school gates** so more families can **walk, cycle or scoot** to school.

Avoid the congestion in Budd's Lane by parking in the car parks shown overleaf. When parking on the street, always get your children out of the car on the pavement side.

Walk from a Friend's House:

Know friends who live locally? Why not ask to park at their house and walk together for a sociable school journey?

Lift share:

Going the same way as a neighbour? Why not lift share and then Park & Stride as often as possible saving fuel and the environment?
